

PET RECOVER AUSTRALIA

USER GUIDE

1. Scan the QR code with your Smartphone device or with a Tablet computer with internet connection and wait until the application opens.
2. Please enter the activation code found inside the box.
3. Login and register your contact details and the pets relevant information

After these steps are completed anyone that scans the QR code tag on your lost pet or that enters the website address marked on the tag can check the pets profile which is permanently online.
